14 Initiative Board.

15 (b) The purpose of the Urban Weatherization Initiative is
16 to promote the State's interest in reducing the impact of high

2 the work as a local employment engine. The Initiative also
3 seeks to implement outreach strategies to increase awareness of
4 cost savings and job training services associated with the
5 program.

6 (c) The efforts of the Urban Weatherization Initiative
7 shall be coordinated with those of federal weatherization
8 programs, including, but not limited to, the weatherization
9 programs of the United States Department of Energy. The
